

CYBERSECURITY

Guardian 360 Security Management

Proactive protection for your Microsoft 365 environment.

Businesses are frequent cyberattack targets. Relying on default Microsoft 365 security isn't enough. Guardian 360 Security Management actively monitors and secures your M365 environment, addressing risks proactively and providing clear, actionable insights.

Top Features

- ✓ **Security Assessment** Scan of your M365 to detect risks and gaps
- ✓ **Auto-Remediation** Fast, expert-backed responses to critical threats
- ✓ **Secure Setup** Best-practice security policies
- ✓ **Monitoring & Alerts** Real-time tracking of suspicious activity, 8/5 or 24/7
- ✓ **Monthly Reports** Security updates with actionable insights

Why It Matters

Guardian 360 helps you stay ahead of threats by giving you:

- Full visibility into your cloud security
- Ongoing protection without the hassle
- Confidence that your setup is secure and compliant

Monitoring Scope

- Unusual sign-ins or access attempts
- Risky permissions and role issues
- Suspicious email, Teams, or file sharing activity
- Gaps in MFA, Conditional Access, or identity protection
- Trends from Entra ID and Secure Score

Plan	Basic	Standard	Premium
Support	8x5	8x5	24x7
Alerts Managed	20/week	20/week	Unlimited
Risk Fixes	-	20/week	Unlimited
Cost Per user	\$6 ^{P/m}	\$8 ^{P/m}	\$12 ^{P/m}

All active M365 accounts must be covered to ensure full protection.

Key Differentiators

Tailored! Not Generic

Custom fit tenant setup

Fast Deployment
